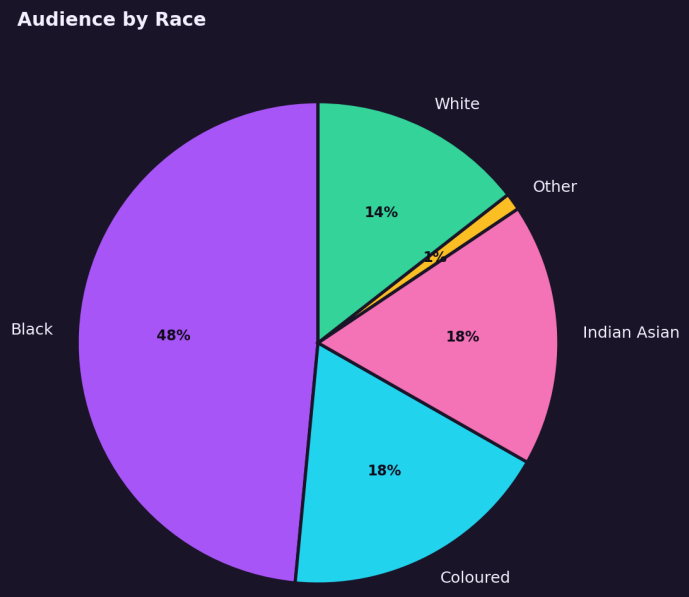
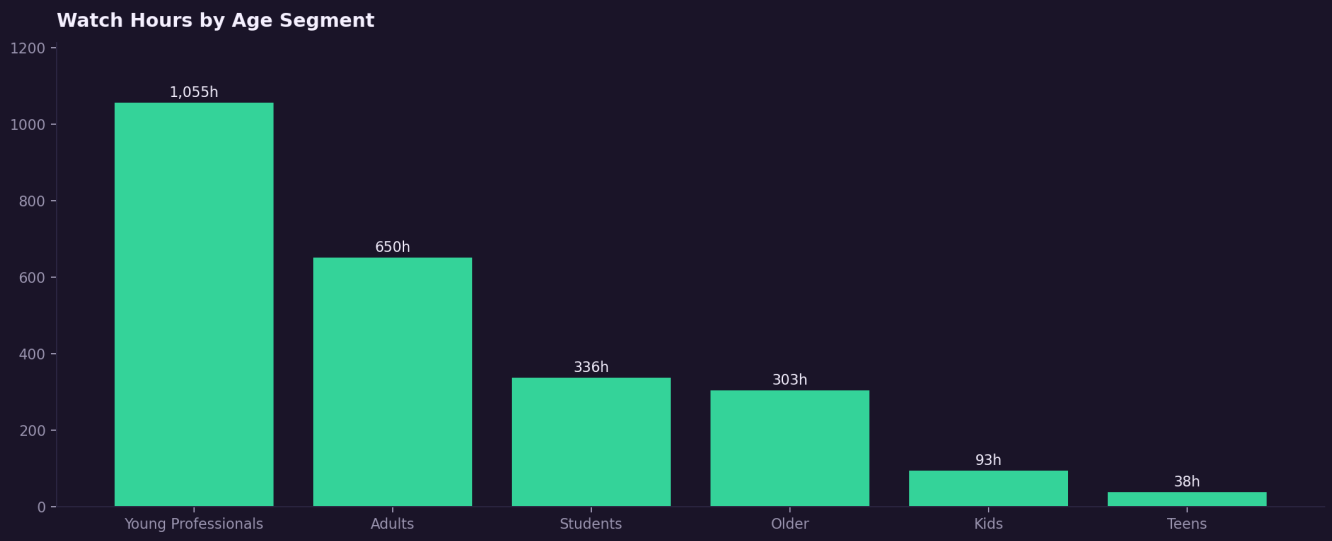
Demographics & Engagement Depth

Audience composition and viewing depth by segment.





CVM Recommendations

Six prioritised initiatives to grow and retain the BrightTV subscription base.

ACQUIRE

Target Young Professionals (41% of base)

The largest segment by far. Launch a 'BrightTV Pro' tier with sport + lifestyle bundles, priced for income-earning 25–35 year-olds.

ACQUIRE

Double-down on Gauteng & Western Cape

55% of viewers live in just 2 provinces. Concentrate paid acquisition spend, fibre-bundle partnerships and OOH media there for highest ROI.

ENGAGE

Lead with Sport

SuperSport Live, ICC Cricket and SuperSport Blitz are 3 of the top 5 channels. Offer a Sport-only entry tier to convert sport-first viewers into subscribers.

ENGAGE

Schedule for Afternoon & Evening

71% of viewing happens between 12pm–9pm. Time push notifications, premieres and upsell prompts within this window.

ACTIVATE

97% are on Social Media

Almost the entire base is reachable digitally. Run lookalike audiences on Meta/TikTok off the existing viewer profile to acquire similar households cheaply.

RETAIN

Re-engage Kids & Teens (5% of base)

Under-indexed segments. Bundle Cartoon Network + Boomerang into a 'Family Plan' to increase household stickiness and reduce churn.
